Verizon works to satisfy all service requests, but not every initiated order is ultimately fulfilled. There are occasions when broadband service cannot be installed at the requesting address location due to reasons such as distance, capacity, and equipment incompatibility. In those cases, Verizon will review whether it can provide broadband service from other access points or utilize available equipment. If Verizon's review is unsuccessful, then the order is cancelled and the customer is notified.

Dear Mr. James E. Billie:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at brad.wright@verizon.com, or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon Florida, LLC. Through this program, local service is available to qualified individuals at a discounted rate. In addition, eligible individuals can also save on the cost of getting new phone service installed through the Link Up program.

In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

The Lifeline program is limited to one discount per household and is nontransferable. Therefore, customers are required to certify and agree that no other member of the household is receiving Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.
